

SGV CONSORTIUM WORKING GROUP NOTES

--HEALTH--

OCTOBER 10, 2018

Initial Mission Statement: *"Coordinate the SPA 3 health care system to develop strategies, policies and recommendations that address the comprehensive health care needs of homeless people."*

AGENDA

1) Introductions

- a) Representatives: Molina Healthcare
- b) Park Tree Community Health Center
- c) Tzu Chi, Dept Public Health, and
- d) Barbara Case from Compassion in Action

2) Mission Statement for Work Group: *see above*

- a) Note about the health workgroup mission statement and objectives: about health service provider silos, this goes beyond even healthcare providers working together. Patients need to be treated as a whole person and health services goes beyond what we traditionally think of- it absolutely includes shelter, nutrition, support, etc.

3) Overview of Feedback and Innovations Process

- a) All feedback/suggestions for innovation from the Work Groups (as well as Consortium meetings) are compiled in the *SGVC Innovations Memo*.
- b) This memo is then shared with the SGVC Homeless Leadership Committee during our monthly meetings for vetting and direction.
- c) Feedback and next steps are presented back to Working Group members for further feedback and engagement.

4) New ideas or policy recommendations

- a) ONE - Case managers help connect patients to resources and there is this cycle of connecting to resources

- Case managers need to make patients/clients aware of the resources out there
- Case managers need to be made continually aware of additional resources that treat the whole person
- Compliments to the new website and networking in the SGVC that help improve this awareness

5) Enlist at least 5 new members per subcommittee

- a) Dept. Mental Health's [Health Neighborhood](#),
- b) Dept. Health Services [Whole Person Care](#),
- c) Community Benefit Managers of Hospitals, and
- d) community clinics.

6) What topic would you like the Consortium to cover as part of its monthly presentation sessions?
